

## FILTER TECHNOLOGY

### TFM CEILING MOUNTED PARTICULATE FILTER MODULE / FSG LINT SCREEN

#### TROX CASINGS FOR HIGH EFFICIENCY FILTERS

TFM ceiling mounted particulate filter modules can be combined to cover large ceiling areas in medical, pharmaceutical and food applications. The modules allow for changing TROX particulate filters quickly and without any hygiene issues.

#### COMPLETE FILTER SOLUTIONS FROM TROX

The new FSG lint screen is made of stainless steel. This latest addition to the TROX filter portfolio has excellent hygiene properties, which make it the ideal choice for the extract air in hospitals and particularly in operating theatres.

#### TFM – MODULAR, FLEXIBLE AND SAFE

- Individual modules can be combined to cover larger ceiling areas
- For air cleanliness classes 5 to 8 according to ISO 14644-1
- Secure and tight seating of filter elements thanks to special clamping frame
- Integral measurement points for sealing integrity, differential pressure and aerosols
- Meets the hygiene requirements of VDI 6022
- L x W: 600 x 600 / 600 x 900 / 600 x 1200 mm

#### FSG – PREMIUM QUALITY, EASY TO HANDLE

- High-quality polished stainless steel construction
- Screen core can be removed easily for cleaning, no tools required
- Rectangular, polished stainless steel  
L x W: 225 x 225 bis 625 x 425 mm
